Notebook Example

There are 12 American Revolution events to glue into an interactive notebook.

1. Color the event words and pictures
2. Fold back the top strip and glue into the notebook.
3. Be sure they are in the correct order.
4. You can either do the order together as a class as you teach about each event or you could have the students research each event and glue them in chronological order.

Name the Event Example

Students are given a description of an important Revolutionary War event. They will need to determine the title of each event.

1. Color the pictures and dates
2. Be sure they are in the correct order.
3. You can either do the order together as a class as you teach about each event or you could have the students research each event, find the title and glue them in chronological order. (Either as a chain link or timeline)
4. A list of event names is included.
