

TEST-TAKING STRATEGIES

DIGITAL ESCAPE™

HOW TO PLAY

Look for this icon to decode a puzzle. One puzzle per reading.

Look for this icon to read about the topic to find answers.

Look for this icon to answer three questions per reading.

Students will read 4 short passages, then answer questions related to each passage. After correctly answering the questions, they will be given a “clue.” They will then decode 4 puzzles to help them determine the final lock code.

There are 4 sets of color-coded activities. For example, there is a **BLUE** 4 icon for a reading passage, a **BLUE** question mark for questions related to the **BLUE** reading passage and a **BLUE** controller icon for a puzzle related to the reading.

4 PASSAGES

1

Reading 1

- Test Strategy: Research proves that you think better when you have a full stomach! Eat a good breakfast the morning of the test. Some good brain-boosting breakfast foods are: eggs, cereal and milk, yogurt, oatmeal, fruit and proteins. Water is also very important. Staying hydrated helps your brain function at its best.
- Test Strategy: Your brain and body need sleep to function well, so get a good night's sleep. Prepare for the morning by setting your alarm and getting your clothes ready. To function your best on test day, you need the energy from a healthy breakfast and restful sleep.
