SPACE RACE

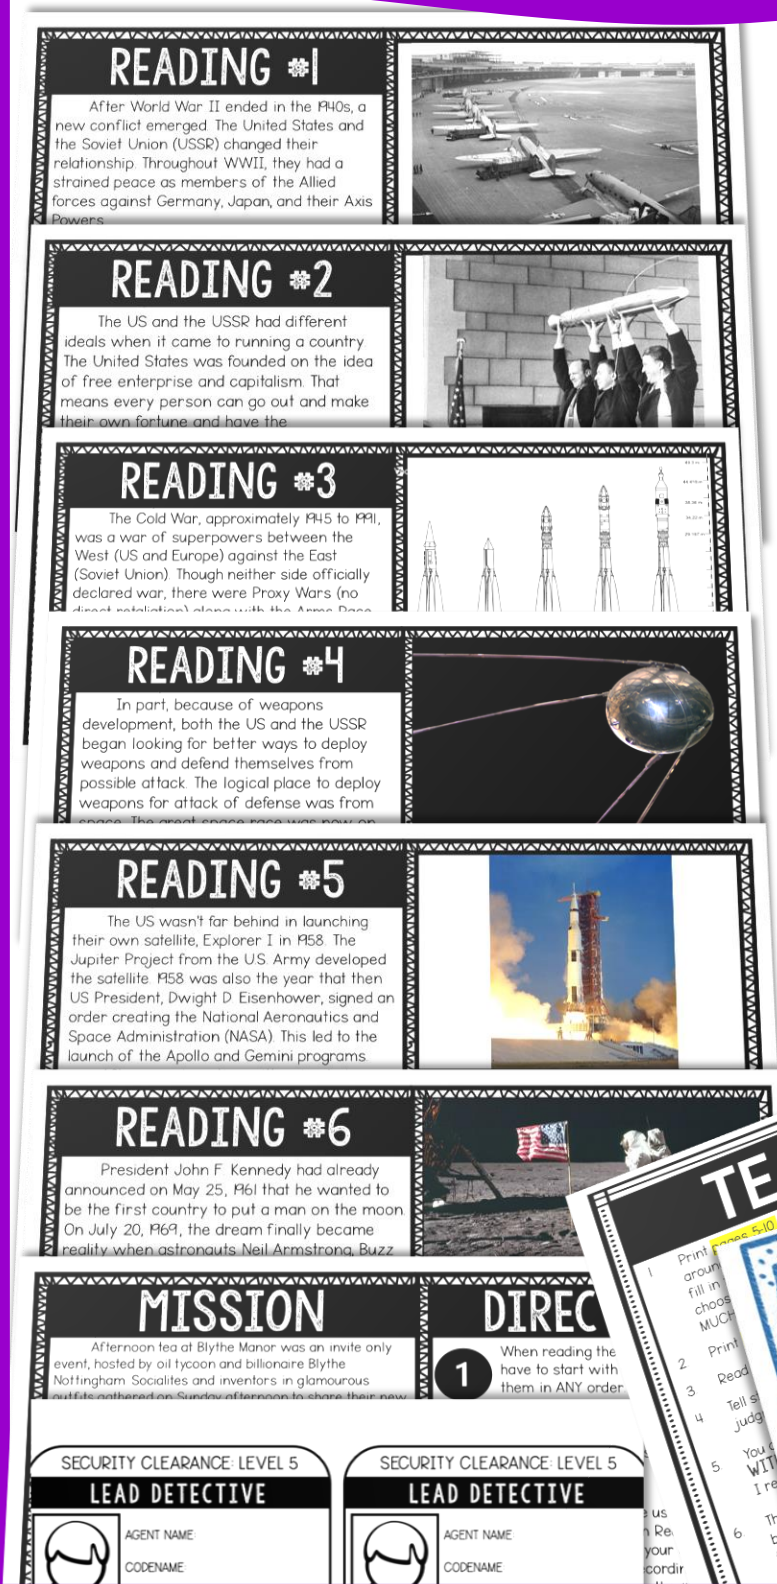

READING ESCAPE

6 PASSAGES

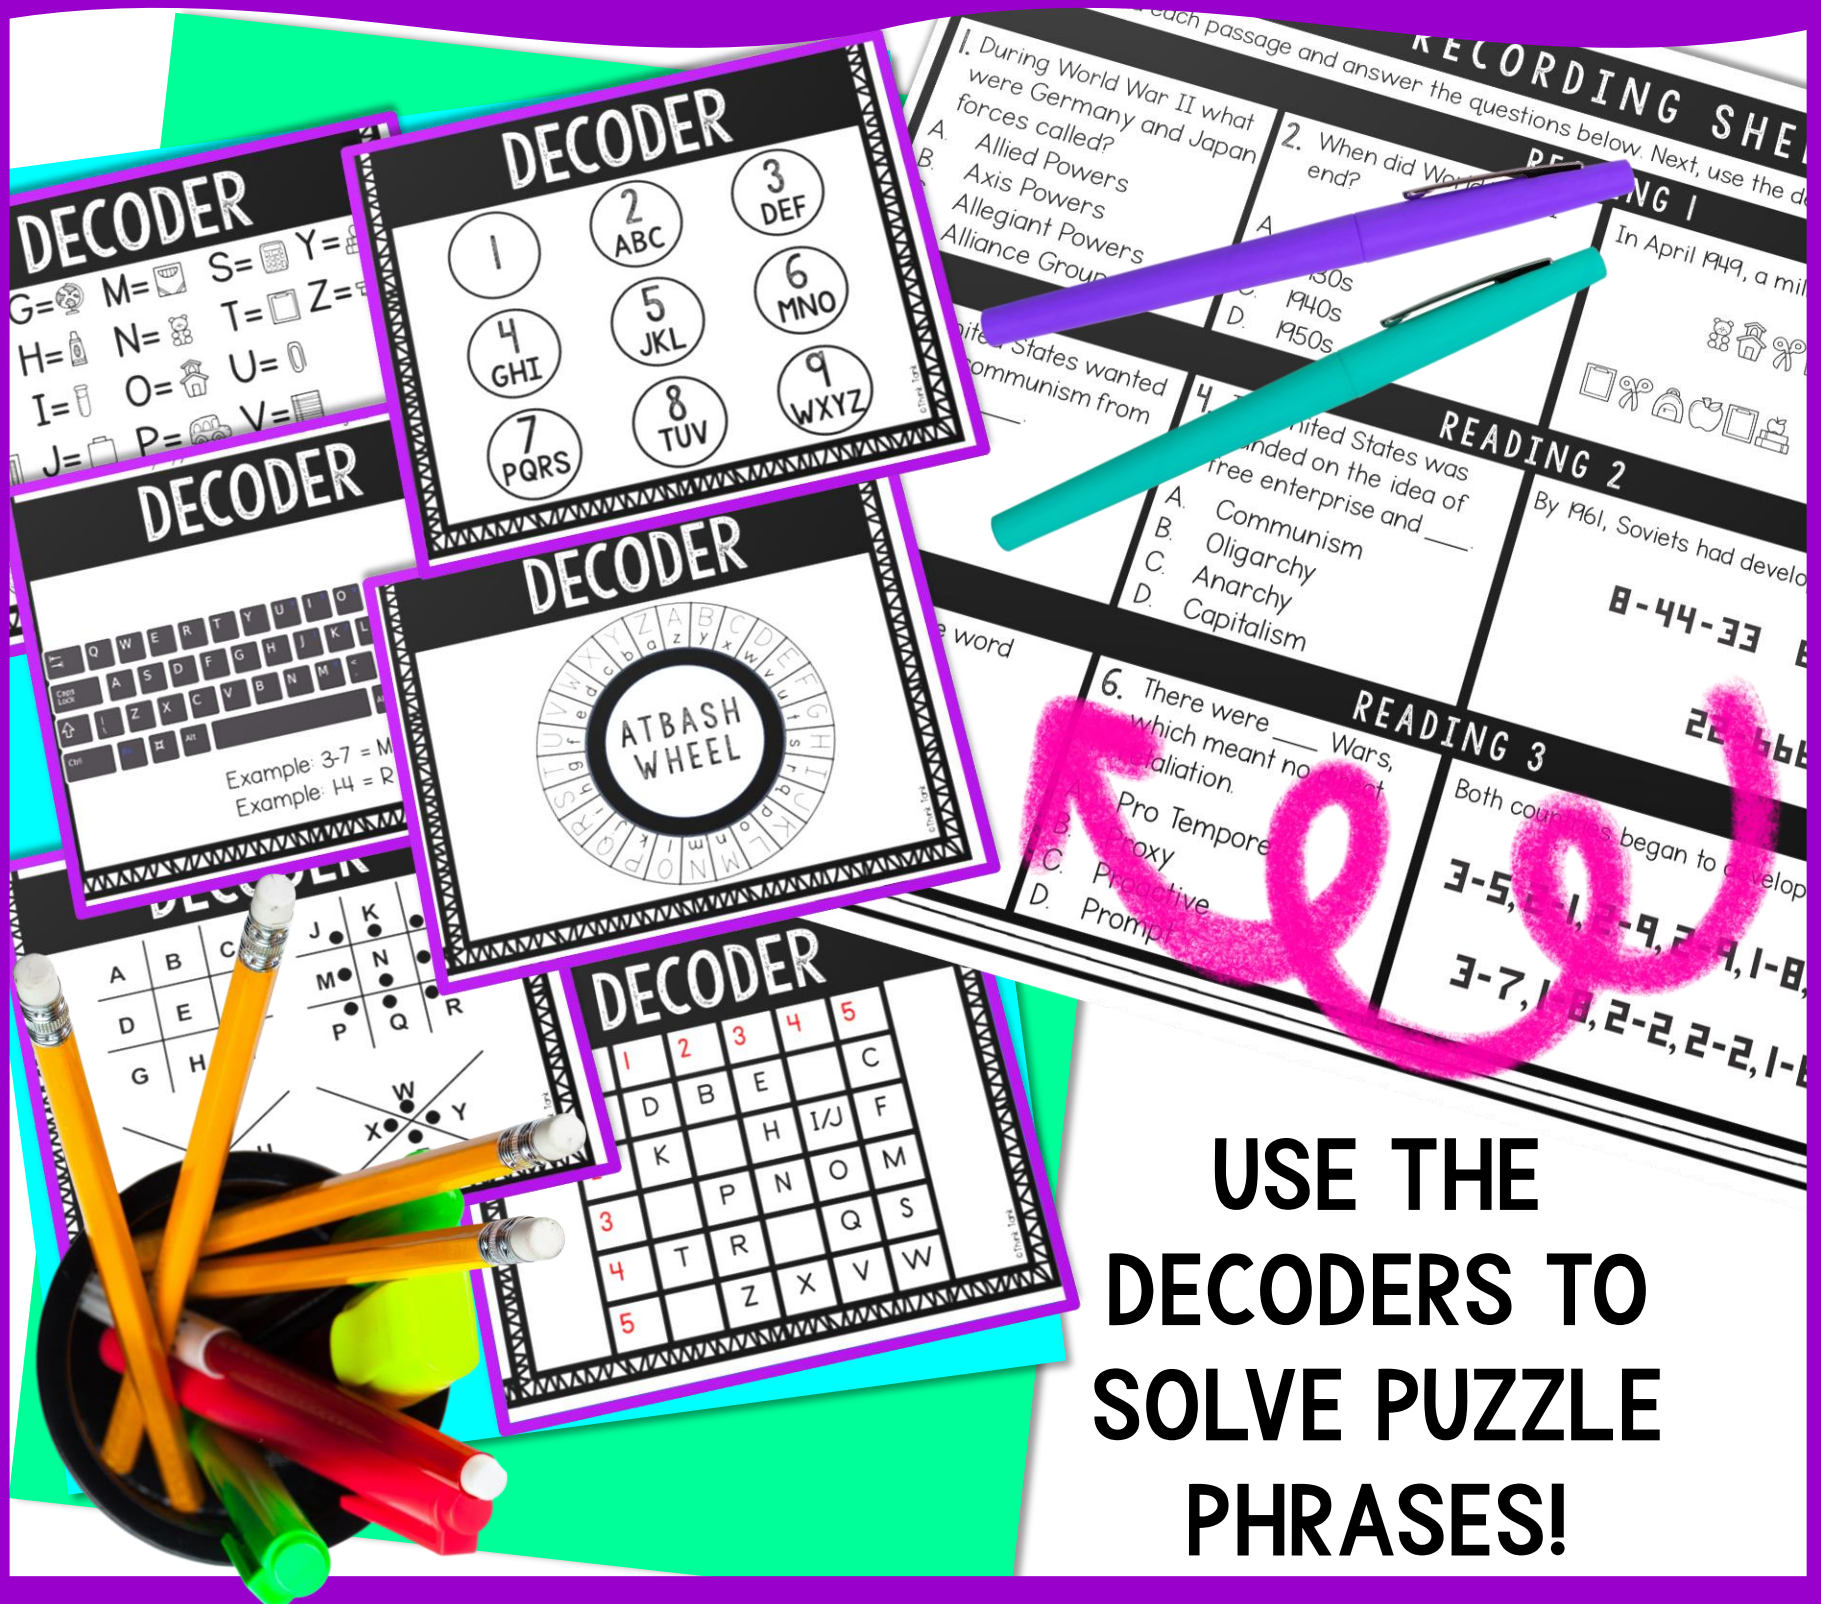

READING #3
The Cold War, approximately 1945 to 1991, was a war of superpowers between the West (US and Europe) against the East (Soviet Union). Though neither side officially declared war, there were Proxy Wars (no direct retaliation) along with the Arms Race and the Space Race.
In 1947, President Harry Truman issued the Truman Doctrine which allowed the U.S. to give financial aid to countries threatened by the spread of communism.

READING #5
The US wasn't far behind in launching their own satellite, Explorer I in 1958. The Jupiter Project from the U.S. Army developed the satellite. 1958 was also the year that then US President, Dwight D. Eisenhower, signed an order creating the National Aeronautics and Space Administration (NASA). This led to the launch of the Apollo and Gemini programs.
After experimenting with animals in space by the US and
