1 Before the American Revolution, British rule often denied colonists fair trials. Some people were arrested without knowing the charges against them. Others were held in jail for long periods before being tried in court. Many trials were unfair, with no witnesses allowed in

3 The right to a speedy trial means that the government cannot delay a trial for an unreasonable amount of time. If a person is accused of a crime, they should not have to wait months or years for their case to be heard. Without this protection, innocent people could be jailed indefinitely while waiting for a trial. However, "speedy" does not mean rushed. Trials must still be fair and allow enough time to prepare a proper defense.

One of the most important rights in the 6th Amendment is the right to legal ___. CODE WORD

5 An accused person has the right to a fair trial by a jury of their peers. A jury is a group of ordinary citizens who listen to evidence and decide if the defendant is guilty or not. The jury must be impartial

7 The accused can bring their own witnesses to testify on their behalf. The court must allow these witnesses to speak, even if they do not support the government's case. This helps ensure that the trial presents all possible evidence, not just what the prosecution wants to show. If a witness has information that could help prove the defendant's innocence, the defendant has the right to request a subpoena to make sure that witness comes to court. A subpoena is a legal document that requires a person to appear in court to testify.

Defendants have the right to question witnesses who ___ against them. CODE WORD

HOW IT WORKS

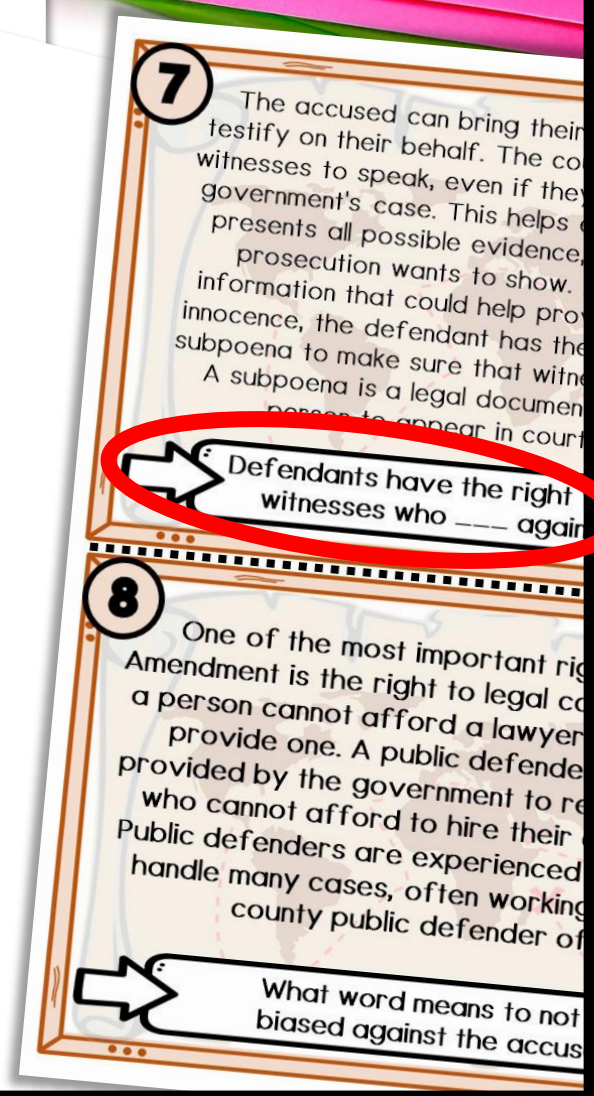

ENGAGING READING COMPREHENSION PRACTICE!

1. Students work individually (or in pairs) and visit 10 reading cards scattered around the room.

2. Students read the passage and look at the question at the bottom labeled "code word".

3. The code word for THAT card number will lead them to a different card. But here's the catch... students will NOT know where to find the code word answer so they will have to skim, browse and revisit the reading cards several times to find the answer they are seeking.
