STEP 1

STUDENTS VISIT 5 STATIONS AND ANSWER 6 QUESTIONS PER STATION. THEIR DECODED ANSWERS WILL UNSCRAMBLE TO REVEAL A SECRET WORD.

STEP 2

STUDENTS FIND THE 5 SECRET WORDS IN THE WORD SEARCH

STEP 3

HOW IT WORKS

ENGAGING READING COMPREHENSION PRACTICE!

1. With their informational text in hand, students will move around the classroom visiting 5 puzzle stations. Each “clue card” station includes 6 questions and a puzzle decoder. Each clue card, with questions answered correctly, results in a mystery word that needs unscrambled. Questions include matching, true/false, short answer, fill in the blank and multiple choice. Each station has a different set of question types.

2. When all clues have been decoded, those words will serve as the word bank for the word search – which ALSO reveals a final mystery word. This way, students must complete each task and can not simply find the words in the word search without putting in the work first.
